

I am offering a 2016 Police Edition Ultra Classic with 65,335 miles. It should be worth \$8K but I'm only asking \$7K.

I replaced much of the chrome with the Willie G. Skull collection. The exhaust system was changed out to Vance and Hines with their fuel pal. It also has a center stand, rider backrest, Big Sucker air cleaner, truck luggage rack and Love Jugs engine cooler fans.

The 60,000 mile service was done on Nov 17. I recently replaced the battery and front and rear tires. The voltage regulator, stator and cams have also been replaced. I also installed the Screaming Eagle hydraulic cam support plate with upgraded oil pump at 39,709 mi.

Motorcycle looks and runs great. I have a box of spare parts and the Harley engine and electrical manuals for the bike. I also have the original exhaust system to send with the bike.
